Items	Grade				
	1 Poor	2 Below Average	3 Average	4 Good	5 Excellent
Contribution to Knowledge			x		
Organization and Readability		x			
Soundness of methodology					
Evidence supports conclusion		x			
Adequacy of literature review	x				
❖ Main Strengths (Required)					
❖ Main Weaknesses (Required) The article lack of good literature review. Problem statement is missing How the data was collected is not clear Table of respondents characteristics is missing					
❖ Suggestions to Author/s (If any) Split the result and discussion- discuss the result first and then proceed with the conclusion but then the discussion must be detail in discussing what is/are the implication of the result to the body of knowledge, society or government!!! Please check grammar, conjunction words and proofread the paper.					

Please return the form to journal editor
